Volume 1

Resuscitation

- ILCOR BLS algorithm 3
- ILCOR adult ALS algorithm 2010 7
- ILCOR Paediatric ALS algorithm 8
- Normal end tidal CO₂ trace 15
- Easy CAP 15
- Bag mask ventilation circuit 18
- Tracheostomy tube 18
- Magills forceps, OPA and NPA 19
- Macintosh laryngoscope 27
- Airtraq 27
- Endotracheal tubes 28
- Oropharyngeal and laryngeal axes 29
- Laryngeal anatomy 30
- ETT misplacement 30
- Mallampati classification 32
- Difficult intubation 33
- Laryngeal mask airway 34
- iGEL airway 34
- Cricothyroidotomy 38
- Needle cricothyroidotomy equipment 38
- BiPAP 52
- Oxylog 2000 54
- Oxylog 3000 54
- Shivering artefact 59
- Arrhythmia management 59
- Ventricular tachycardia 61
- VT management options 62
- Ventricular fibrillation 63
- Brugada syndrome 63
- Atrial fibrillation 65
- AF acute anti-coagulation options 66
- Atrial fibrillation management options 67
- AF reversion options 68
- SVT 70
- SVT management options 72
- Accessory pathway 72
- Low-Ganong-Levine syndrome 73
- Afib and accessory pathway 74
- SVT with accessory pathway 75
- Sinus arrhythmia 75
- Sinus tachycardia 76
- Atrial ectopic 76
- Ventricular ectopic 76
- AIVR 77
- Atrial flutter 78
- Sinus pause 78
- 1st degree heart block 78
- Mobitz Type I 79
- Mobitz Type II 79
- Third degree heart block 80
- Prolonged QTc 83
- CXR of ICD 86
- Ventricular paced rhythm 89
- Bichamber pacing 91
- Failure to sense 91
- Failure to pace 92
- Runaway pacemaker 93
- Upper limb veins 97
- Large bore IV catheter 98
- Difficult IV access 100
- Triple lumen CVC set 103
- Anatomy of the root of the neck 104
- Intracatheter thrombosis of PICC line 106
- Diagnosis of shock 113
- IVC on subcostal longitudinal view 115
- M mode measurement of IVC diameter 116
- Digital nerve block 155
- Innervation of the anterior leg 156
- Nerve supply of the dorsum of the foot 157
- Sensory supply of the sole of the foot 157
- Femoral nerve anatomy 158
- Nerve blocks of the face 158

Clinical practice skills

- Adverse events and errors 161
 - 'Swiss cheese' model of adverse events 163
 - Leadership styles 182
 - Delegation styles 183
 - Conflict management techniques 189
 - Power distance values for various nations 198
 - Individualism values for various nations 199
 - Uncertainty avoidance values for various nations 200
 - Quantity of life values for various nations 201
 - Life expectancy 205
 - BMI chart 208
 - Coin rubbing 210
 - Management of refusal of treatment 214
 - Normal 12 lead ECG 229
 - Normal QRS morphology 230
 - Cardiac axis 230
 - Right bundle branch block 231
 - Left bundle branch block 232
 - Left anterior hemiblock 232
 - Left posterior hemiblock 233
 - ECG changes of hyperkalaemia 234
 - ECG changes of hypokalaemia 234
 - PSAX ventricular view 236
 - PSAX aortic view 237
 - Subcostal 4 chamber view 238
 - Colour Doppler of the internal carotid artery 246
 - Anion gap acidosis 260
 - Non anion gap acidosis 261
 - Assessment of hyponatraemia 267
 - Assessment of hypokalaemia 271
 - ECG changes of hypokalaemia 271
 - ECG changes of hyperkalaemia 272
 - Red cell development 287
 - White cell development 288
 - Dose effect curve 292
 - Log dose effect curve 292
 - First order kinetics 294
 - Zero order kinetics 294
 - Drug concentration after repeated IV doses 297
 - Drug concentration following a single oral dose 297
-

List of figures and images

Research skills

Effects of variance 324
Common data distributions 325
Positive skew 326
Negative skew 326

Normal distribution 327
Choice of statistical tests - parametric data 333
Choice of statistical tests - non parametric data 334

Management

Estimated NHS productivity 2001-2005 358
Diminishing return on health expenditure 365

Personal balance and stress 368
Proposed Australian mass casualty triage system 382

Cardiovascular disorders

ECG in large PE 390
Hampton's hump 391
CTPA of pulmonary embolism 393
Type A dissection 400
Type B dissection 400
CXR in aortic dissection 401
CTA in aortic dissection 401
ECG in pericarditis 404
CXR of oesophageal rupture 406
CT of oesophageal rupture 406
Hyperacute T waves in ACS 409
T wave inversion in ACS 409
Inferior STEMI 410
Left main occlusion 411
Anterior STEMI 411
Lateral STEMI 412
LBBB and Inferior STEMI 413
Left ventricular aneurysm 414
Inferolateral ST depression of ischaemia 414
Early repolarisation phenomenon 415
Coronary artery anatomy 420
Acute coronary syndromes 421
ACS evaluation pathway 425
Reperfusion choices for STEMI 432
Choice of thrombolytic therapy 434
CXR in APO 442

JVP measurement 447
Normal JVP trace 447
Auscultatory diagram of aortic stenosis 451
Auscultatory diagram of mild aortic regurgitation 451
Auscultatory diagram of severe aortic regurgitation 451
Auscultatory diagram of mitral stenosis 452
Auscultatory diagram of mitral regurgitation 453
Tilting disc valve 455
Bileaflet St Jude valve 455
Prosthetic valve on CXR 457
Splinter haemorrhages 459
Ventricular septal defect 462
Patent ductus arteriosus 463
Coarctation of the aorta 464
CXR of coarctation of the aorta 464
ECG in dextrocardia 466
Tetralogy of Fallot 467
Atrial myxoma 470
Pulsus paradoxicus 472
ECG of electrical alternans 473
Echocardiogram of pericardial effusion 473
CXR of pericardial effusion 474
Pericardial drainage set 474
Sub xiphoid pericardial approach 475
ECG of acute myocarditis 476
Erythema marginatum 477

Respiratory disorders

Anterior lung and pleural anatomy 490
Pleural effusion 492
RUL consolidation 492
RML consolidation 492
RLL consolidation 492
LLL consolidation 493
Lung abscesses on CXR 493
RUL mass 494
Sarcoidosis 495
Lower zone fibrosis 496
Methotrexate lung 496

Varicella pneumonia on CXR 496
Divisions of the mediastinum 497
CXR of pneumomediastinum 535
CXR of pneumothorax 536
Pneumothorax size estimation 538
Chest drain insertion site 540
Chest drain skin incision 540
Chest drain insertion 541
Underwater sealed drain system 542
US of pleural effusion 544

Abdominal disorders

AXR demonstrating splenomegaly 550
CT of splenic infarction 550
Haemorrhoids and perianal haematomas 552
Rectus sheath haematoma 558
CT of appendicitis 560
AXR and CT of small bowel obstruction 563
AXR of sigmoid volvulus 564
US of AAA 569
CT of AAA 569

AXR of AAA 570
CT of acute aortic occlusion 571
Branches of the aorta 573
CT of free intra-abdominal gas 574
Erect CXR of duodenal perforation 574
Anatomy of the pancreas 577
US of gall stones 579
US of acute cholecystitis 580
CT of acute cholecystitis 580

Neurological disorders

Functional areas of the cerebral cortex 607

Sagittal anatomy of the brain 608

Anatomy of the base of the skull 610
 Visual pathways 611
 Extraocular muscle movements - right eye 613
 MRI of VIth cranial nerve 614
 Coronal section of the brain 621
 Main branches of the brachial plexus 624
 Sensory supply of the upper limb 626
 Sensory supply of the lower limb 628
 Cerebral vascular supply and related anatomy 630
 Carotid Doppler of low grade stenosis 631
 Moderate degree ICA stenosis 632
 Thalamic ICH 634
 Cerebellar haemorrhage 635
 Dense MCA sign 636
 Frontoparietal stroke 636
 Old MCA stroke 636

CT of ICH 637
 SAH and ICH 650
 CT of SAH 650
 Anterior cerebral artery aneurysm 650
 PCOM aneurysm 651
 Subarachnoid haemorrhage management 651
 LP needle types 658
 CSF circulation 664
 CSF resorption 665
 MRI of sagittal sinus thrombosis 666
 CT of glioblastoma 667
 Meningioma 668
 Lateral shunt X-ray 670
 Blocked shunt 670
 Sensory loss distribution in peripheral neuropathy 699

Volume 2

Infectious disorders

Cellulitis of the foot 754
 Rash of Herpes Zoster 759

Kaposi's sarcoma 767

Paediatrics

Fever without source in children < 3 years of age 804

Mental health

Mental health flow chart 838

Obstetrics & gynaecology

Sites of ectopic pregnancy 858
 The menstrual cycle 862

Normal fundal height 875

Urogenital disorders

KUB of ureteric calculus 898
 CT of high grade ureteric obstruction 898
 CT of VUJ calculus 899

CT of polycystic kidney disease 915
 CT of renal cyst 916
 US of hydronephrosis 919

Haematological disorders

Anaemia 928
 Microcytic anaemia 930
 Macrocytic anaemia 931
 Platelet development 938
 Clotting system 940

Ecchymoses 941
 Deep veins of the lower limb 956
 Axillary vein thrombosis 957
 Lymphocyte development 964

Soft tissue disorders

CXR of Marfan's syndrome 999

Environmental disorders

Redback spider 1008
 Funnel Web spider 1010
 Snake bite marks 1016
 VDK 1017

Snake bite management 1020
 Python bite 1021
 ECG of hypothermia 1041
 Skin features of lightning injury 1057

Skin disorders

Anatomy of the skin 1062
 Target lesions 1064

Pemphigus 1065
 Keratoacanthoma 1075

List of figures and images

Head & neck disorders

Middle and internal ear anatomy 1078
Left tympanic membrane anatomy 1080
Anatomy of the sinuses 1084
External laryngeal anatomy 1086
Epiglottitis 1087

Internal nasal anatomy 1090
Submandibular swelling 1094
Location of the salivary glands 1097
Dental anatomy 1098

Eye disorders

The slit lamp 1104
Ocular anatomy 1105
Fundoscopic anatomy 1106

Mire position for measuring IOP 1106
iCare tonometer 1107

Trauma

Acute extradural haematoma 1138
Acute subdural haematoma 1138
Acute tentorial subdural haematoma 1139
Chronic subdural haematoma 1139
Acute on chronic subdural 1139
Assessment and management of head injury 1141
Sites for emergency craniotomy 1145
Bones of the upper cervical spine 1150
C5-6 instability 1150
Lateral cervical spine X-ray interpretation 1151
Rotated peg view 1152
Assessment of suspected cervical spine injury 1154
Bilateral C5-6 facet joint dislocation 1155
Anterior tear drop fracture 1155
Atlanto axial dislocation 1155
Displaced type II dens fracture 1155
Hangman's fracture 1155
Jefferson fracture 1156
Lumbar vertebral anatomy 1157
L1 crush fracture 1158
L1 burst fracture 1158
Spinal tract anatomy 1159
Dermatomes of the body 1161
MRI of cord lesion 1162
CXR of haemothorax 1165
Left haemothorax 1166
Bilateral pneumothoraces 1166
Ruptured right mainstem bronchus 1167
CXR of pulmonary contusion 1168
CXR of aortic rupture 1169
CTA of aortic injury 1169
CTA of aortic tear 1169
CXR of traumatic diaphragmatic hernia 1172
Facial bone anatomy 1174
Mandibular fracture 1175
TMJ dislocation 1176
Tripod fracture 1176
Blow out fracture X-ray 1177

CT of blowout fracture 1177
Le Fort fractures 1178
Dental injuries 1179
Anatomy of the pinna 1181
FAST scan of Morrison's pouch 1183
Subcapsular splenic haematoma 1184
Grade II splenic injury 1184
Grade III splenic injury 1185
Grade V splenic injury 1185
Grade III liver laceration 1186
Liver contusion 1186
Grade II renal injury 1189
Grade IV renal injury 1189
Extraperitoneal bladder rupture 1189
Anatomy of the pelvis 1192
Acetabular fracture 1193
CT of sacral fracture 1194
Pubic diastasis 1195
Pelvic angiogram 1195
Closed degloving injury 1195
Knife as foreign body 1197
Zones of the neck 1199
Lateral thoracotomy incision site 1201
Thoracotomy view 1201
Right cubital fossa anatomy 1204
Cross section of the forearm 1206
Gunshot wound skin marker 1208
CT of gunshot wound to neck 1209
Zones of the hand 1211
Surface anatomy of the palm 1212
Anatomy of the finger tendons 1213
Innervation of the dorsum of the hand 1214
Mallet finger 1214
Anatomy of the finger phalanges 1216
Burn area assessment chart - adult 1223
Burn depth assessment 1226
Interrupted suture insertion technique 1232
Skin flap repair 1232

Bone and joint disorders

Assessment of joint pain 1248
Bursae around the knee 1251
MRI of lumbar discitis 1253
Salter Harris classification of fractures 1264
Dislocated left hip prosthesis 1272
Right posterior hip dislocation 1272
Subcapital NOF fracture 1273
Intertrochanteric NOF fracture 1273
Anatomy of the knee joint 1276
Lipohaemarthrosis 1277
Lateral tibial plateau fracture 1278
Patella fracture 1278

Ankle joint anatomy 1282
Bones of the foot - medial aspect 1283
Bones of the foot - plantar aspect 1284
Ankle fracture 1285
Talar dome fracture 1286
Calcaneal body fracture 1286
Lisfranc's fracture dislocation 1287
Fifth metatarsal base fracture 1287
Achilles tendon rupture 1289
Shoulder anatomy 1291
Anterior shoulder dislocation 1291
Luxatio erecta 1293

Type I distal clavicular fracture 1294
Posterior sternoclavicular joint dislocation 1295
A-C joint dislocation 1295
Fractured neck of humerus 1296
Bones of the elbow - lateral view 1299
Bones of the elbow - medial aspect 1299
Supra and intracondylar fracture of the humerus 1300
Medial epicondyle fracture 1301
Lateral humeral condyle fracture 1301
Monteggia fracture 1302
Bones of the wrist - dorsal aspect 1303

Toxicology

The parasympathetic nervous system 1314
The sympathetic nervous system 1315
ECG of Na⁺ channel blocking toxicity 1316

Normal carpal alignment 1303
Translunate dislocation of the carpus 1304
Carpal dislocation at the wrist 1304
Transscaphoid perilunate dislocation 1304
Colle's fracture 1305
Torus fracture 1305
Smith's fracture 1305
Scaphoid fracture 1306
Fractured 5th metacarpal neck 1308
Radial collateral ligament injury 1308

Management of poisoning 1323
Paracetamol toxicity nomogram 1342
Paracetamol management 1344
